SOLUTIONS COMPANY™

AMRAD  Medical

PARTNERS IN IMAGING EXCELLENCE

# OTS Classic

## Premier Radiographic System

Performance,  
Versatility, and Low  
Cost of Ownership

The OTS Classic delivers maximum capability and is designed for use in orthopedics, imaging centers, free-standing ERs and hospitals. Technologist-friendly features, such as the one-touch lock release and color-coded annotations make positioning fast, improving patient throughput. Safety features like locks that hold firm in the event of a power outage, the recessed foot pedals on the elevating table and positioning features like the comfortable patient chin rest on the wall stand allow the technologist to focus on the patient improving the quality of the patient experience.

## OTS

- Optimally balanced ceiling mounted tube stand makes for featherweight, easy movement
- Ceiling mounted tube stand for maximum flexibility
- Recommended ceiling height 9' to eliminate any positioning challenges
- Perfect for facilities who have delicate patients with limited agility

## J1000 WALLSTAND

- Ergonomic lock-release for ease of positioning
- PA Hand grips for patient stability
- Overhead Patient Grip for positioning ease
- Conveniently placed chin rest ensures patient comfort and aligns the body to the receptor for upright exams

## S222 TABLE

- 650 lb. patient weight capacity
- Whisper quiet for patient comfort when they need it the most
- Programmable working height to fit any situation
- Recessed four pedal design provides easy operation and patient safety

## Summit Industries & MXR Imaging

Through our Partners in Imaging Excellence Program, MXR aligns its portfolio of services with manufacturing leaders in medical imaging. In partnership with Summit Industries and the AMRAD® Medical brand, a recognized leader providing high-quality equipment with an exceptional return on investment, our companies go beyond just equipment by providing seamless coordination, exceptional service and the earliest access to new products, technologies and upgrades. Our consultative approach to working with diagnostic imaging centers and urgent care facilities is unmatched. Innovation and customer satisfaction are at the core of everything we do.
